

CUTLER ENTERTAINS OFFICIALS OF GOVERNMENT RECLAMATION SERVICE

F. H. Newell, chief of the government reclamation service, spent yesterday in Salt Lake in consultation with C. V. Blanchard, who has charge of the government work in the Strawberry valley. Mr. Newell and Mr. Blanchard were guests of Governor Cutler at a luncheon at the Commercial club yesterday afternoon where they were given an opportunity to talk over the various reclamation projects and future government projects with T. C. Callister of the state land board and other Salt Lakeans.

During the luncheon Mr. Newell and Mr. Blanchard discussed the work now going on at Strawberry valley, which will result in the reclamation of 6,000 acres of desert land. A tunnel is being run through the mountains, which will divert the waters of the Duchesne river and make these waters available for irrigation. The project is a most expensive one, and the data gathered from the work of the government engineers will be of immense value to the men at present working for the other state reclamation projects.

Mr. Newell stated that the reclamation service of the government would do everything possible to aid the success of any reclamation projects undertaken in Utah, and would furnish any information in the possession of the government engineers which would aid

the state officials in their work, and wherever possible would place the services of the government experts at the officials' disposal.

Mr. Newell stated that he hoped, at some future time, to see the Utah lake project carried out. This project involves the carrying of the waters of Utah lake over an immense tract of land lying east and south of the lake. Mr. Newell states that the project is perfectly feasible from a physical point of view, but that the entire trouble which has checked the project up to the present time lies in securing the undivided support and co-operation of the various interests involved. These interests have never banded together to secure the carrying out of the project, and until they do it will be impossible for the government service to attempt to irrigate this immense tract of land.

Mr. and Mrs. Newell and the governor's party were given an organ recital at the Tabernacle yesterday morning. Among those present at the luncheon were Mr. and Mrs. Newell, C. V. Blanchard, Senator George Sutherland, Governor and Mrs. Cutler, W. J. Lynch, T. C. Callister, O. J. Salisbury and J. T. Lytle.

Mr. and Mrs. Newell left last night for the Hawaiian islands, where Mr. Newell will inspect the reclamation projects now being completed under the supervision of the government service.

POLICE COURT GLIMPSES

Ed Murtie cannot keep out of jail, and is very considerate of the police officers when he gets a load aboard. He was released from jail Thursday morning and immediately proceeded to take on a load that would have been carried better in a barrel. But Murtie is not like many others of the "regulars" at the jail; he knows when he has had enough, and then, with unsteady feet, he slowly wends his way back to the jail. The police never have to bring Murtie in, for he comes of his own accord. If he waited for the husky arm of some big policeman to grab him, Murtie would not doubt get such a load on that he could not walk, and he did not like the wagon. Thursday afternoon he strolled into the station and with the air of a commanding general of an army division began giving the trustees orders. Lieutenant Shannon took the general in tow and placed him in the private room, cell 6. In police court Friday Murtie was given thirty days.

Indian Joe Craig was arrested early in the morning and charged with vagrancy. In police court Judge Diehl told him that he could have until midnight Friday to shake the dust of Zion from his feet. He has been the source of a great deal of trouble to the police. About every hour he either starts a fight on Commercial street or makes an unsuccessful attempt to commit suicide.

The case of F. A. Killeher, charged with destroying property, was dismissed, on a motion of Assistant City Attorney Rogers. Mrs. Killeher made the complaint against her husband, but when she saw her loved one behind the bars her heart warmed a little and she declined to appear against him.

Jens Jensen, charged with petit larceny, was found guilty and sentenced to 100 days on the chain gang. He was charged with stealing \$2.30 from the Del Wilson bar Tuesday evening.

E. C. Briggs, accused of violating the street ordinance, entered a plea of not guilty. Briggs was arrested on the complaint of Charles Wilkins, guide at the tabernacle. Briggs belongs to the Reorganized Church of Latter-day Saints and was handling out tracts extolling all about his belief on the street. Wilkins said the tracts contained advertising matter, and that

CONVICT BREAKS OUT OF NEVADA PRISON

Carson City, Nev., Sept. 11.—George Sterling, a prisoner serving five years in the Nevada penitentiary for breaking jail at Elko, escaped late last night from the prison and is still at large. Owing to the crowded condition of the prison, Sterling slept in the old shoe factory. He made a portion of the wall away from the bars of the shoe shop and by spreading the bars slightly crawled through. Sterling is but 21 years old and was in jail at Elko on a felony charge.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. WEAK MEN

If you suffer from any of the weaknesses or diseases caused by ignorance, excess or contagion, YOU ARE THE VERY PERSON YOU WANT TO TALK TO.

We have proven our skill in curing CHRONIC DISEASES by publishing many voluntary testimonials from home people, giving names, pictures and addresses.

We can't publish our cures in

Private Diseases because it would betray confidence.

Hence we have to prove our skill in this class of troubles in another way. This is our plan:

PAY WHEN CURED.

We cure you first and then ask a REASONABLE FEE when you are cured. You can depend upon our word: thousands of patients have endorsed us. NOW WE WANT TO CURE YOU, with the distinct understanding that we will not demand a FEE until we cure you. WE CURE Lost Manhood, Seminal Weakness, Spermatorrhea, Gonorrhea, Syphilis, Varicocele, Disease of the Prostate Gland, Unnatural Losses, Contracted Disorders, Stricture, etc., Contagious Blood Poison and all WEAKNESSES of men.
